

ALFA NERO

ALFA NERO

APERÇU.

This stunning 82 metre Oceanco yacht is a unique masterpiece, built to inspire and became a legend from the very moment she was launched. She represents spectacular engineering, ambitious design, elegant craftsmanship and unbridled entertainment. Her stunning black hull has a staggering 1,200 square metres to explore, in a layout that is totally different to any other contemporary yacht.

The yacht flows effortlessly throughout, combining four indulgent levels that connect seamlessly within the yacht's architecture. Palatial interiors spill out onto spacious, decadent decks and superb dining locations with state-of-the-art entertainment systems, bringing oceans to life whilst days move into night.

The stunning Alberto Pinto design features huge deck spaces. Included in this is an innovative piece of Oceanco engineering whereby the pool floor rises and transforms into a dance floor.

The master cabin occupies the entire forward aspect of the upper deck. A self-contained private world - not one single centimetre of the substantial private deck is visible from any other part of the yacht. Inside the cabin, colours are pale, textures are subtle and space is splendidly indulgent. Other cabins are defined by carefully coordinated colours that run across everything from bedheads to cushions.

Designers Nuvolari and Lenard planned the sky lounge to excel in totally different ways. The full beam sky lounge is palatial and luxurious, the main deck lounge is beautifully contemporary whilst the dining spaces are elegant and indulgent.

On the sun deck, with views through 180 degree windows, is an inspiring diversion gym, equipped with state-of-the-art equipment, whilst on the lower deck, there is a health and beauty spa, a true sanctuary of wellbeing.

Inside and out, the reason for ALFA NERO's iconic reputation is clear to see. An experience on ALFA NERO is like no other, making her the perfect choice for charter.
