OVERVIEW.

The truly magnificent 58.2m (191ft) Trinity CARPE DIEM is a true testament to American design and craftsmanship. Built on Trinity's highly efficient aluminum hull with a shallow draft and an expansive 10.2m (33.5ft) beam, she offers exceptional interior volume and generous deck spaces for a yacht of her size. CARPE DIEM features sleek exterior lines and naval architecture by Trinity's renowned designer, Geoff van Aller. Her refined Art Deco-inspired interior, with a striking black-and-white palette, was envisioned by Carol Williamson & Associates. CARPE DIEM presents in immaculate condition having received a significant refit in 2026 and only one owner since new.

As a fully custom build, CARPE DIEM showcases exquisite materials including Macassar ebony, cherry wood, white onyx, and tufted silks—creating a luxurious backdrop for the owner's curated collection of vintage Hollywood photography. The Art Deco motif continues throughout the exterior spaces, where the cabinetry and finishes mirror the interior's elegance while being specially treated to withstand the marine environment.

CARPE DIEM comfortably accommodates 12 guests in six spacious staterooms. The full-beam master suite, located on the main deck, features a private study, a lounge area, and separate "his and her" bathrooms. Below deck, two full-beam VIP suites and two additional double guest staterooms—each with ensuite baths—offer exceptional comfort. The forward VIP suite can be converted into two separate cabins, one double and one twin, offering flexible guest arrangements. In addition to her tasteful and comfortable interior, CARPE DIEM boasts vast exterior deck spaces perfect for relaxation and entertainment for the whole family. One highlight of CARPE DIEM is her oversized sun deck that boasts a large jacuzzi forward, a wet-bar midships, and a gym aft.

Built to MCA compliance, CARPE DIEM holds a strong reputation on the international charter market. With a 5,000nm range at 10 knots, she has completed multiple transatlantic crossings under her own power. She cruises comfortably at 17 knots, with a maximum speed of 21 knots. Meticulously maintained, CARPE DIEM received new generators in 2023 and benefits from a 5-year Caterpillar warranty following a full engine rebuild in 2024. Combining timeless design with proven performance, she stands as one of the most distinguished and capable Trinity yachts ever launched—boasting an impressive cruising pedigree across the Mediterranean, Caribbean, and Bahamas.

Key features

Significant 2026 refit, 15-year survey complete

Spacious and flexible accommodation for 12 guests in six cabins

Exceptional volume for a yacht of her size thanks to her 10.2m (33.5ft) beam
