ANOTHER ONE

OVERVIEW.

ANOTHER ONE is a 34.1m (111.8ft) motor yacht built in composite to RINA classification by the world-renowned Italian shipyard Sanlorenzo and delivered in 2022. As the flagship of Sanlorenzo's successful SX range, the SX112 pushes out the boundaries of indoor-outdoor living. Full glass walls, bulwark cut-outs and multiple folding terraces throughout maximise sightlines and the physical connection between luxury living and the ocean.

The focal point of ANOTHER ONE's innovative layout is the oversized explorer-style beach club. The versatile swim platform is 90sqm (969sqft) and is expandable by large fold-down sea terraces port and starboard side as well as an interior beach club that can be connected with sliding glass doors. While underway this space can be used for tender storage and features an integrated tender crane that can be seamlessly stored into the bulwarks.

The main deck has open-air dining aft shaded by the overhang and steps lead down to the swim platform and hydraulic bathing platform. Walkaround sidedecks lead forward to two large foredeck sunpads for privacy in port. The fly bridge, which has a helm station forward and lounging areas aft, can be open air or climate controlled with a louvered roof, retractable side windows and a glass sliding door aft opening onto a sun lounge.

Her modern and elegant interior was conceived by Lissoni Associati and features soft and neutral finishes throughout. The open-plan main deck has a family-style galley and dining area forward, dayhead to starboard with sidedeck access, a spacious main saloon aft and sliding glass doors leading out to the aft deck lounge. The central staircase is an architectural work of art that seamlessly connects all three decks. Accommodation for nine guests can be found on the lower deck including the owner's suite, two double cabins, and a twin cabin, all en suite.

Powered by four 1,350hp Volvo Penta IPS drives, ANOTHER ONE has a cruising speed of 20 knots, a top speed of 23 knots and a maximum range of 1,600nm at her passage speed of 10 knots. Her 1.9m (6.2ft) draft allows access to shallow island waters where zero speed stabilisers ensure comfort at anchor.

ANOTHER ONE provides a luxury yacht platform with a sense of exploration and adventure, where style and functionality become one.

Key features

Flagship of Sanlorenzo's SX series with a cutting-edge exterior design by Zuccon International Project

Modern and minimalistic Italian interior conceived by Lissoni Associati

Floor-to-ceiling windows create an indoor-outdoor feel

Explorer-style swim platform with fold-down sea terraces and adjoining beach club

Integrated tender crane hidden in the bulwarks when stored away

Indoor-outdoor fly bridge with louvered roof, retractable side windows, and glass sliding doors aft
