AQUARIUS

OVERVIEW.

The 46-metre (150ft) AQUARIUS is packed with an extraordinary inventory innovative features. From fold-out balcony terraces to the sea-level beach club, the motor yacht AQUARIUS offers an extensive range of unique amenities. Designed to host up to 10 overnight guests in five cabins with a crew of nine, this striking tri-deck yacht is an excellent choice for a charter holiday with family or friends on the azure blue waters of the Mediterranean.

AQUARIUS boasts an exceptional variety of outdoor spaces designed for relaxation and entertainment. Highlights include an expansive foredeck lounge with two separate seating areas, a generously-sized jacuzzi pool and quadruple sunpad. The elevated sundeck offers ample shade for unwinding, while the main deck aft impresses with its stylish lounge and dining spaces. Guests can enjoy the sociable upper aft deck, the fold-out balcony terraces flanking the main deck saloon, and dual sea-level platforms that fold down on the port and starboard sides of the beach club. The master suite also has its own private outdoor terrace.

Her interior is finished in a palette of neutral tones with clean contemporary styling. Huge floor-to-ceiling windows throughout the main deck and upper deck levels, giving you a close connection with the seascape wherever you choose to be, and flooding all the main interior spaces with an abundance of natural light. The main deck saloon is especially bright and airy with double doors that slide open on both sides to let the sea breeze flow through.

The beach club is a stand-out highlight, as it should be on a yachting holiday – where better to fully enjoy being at sea? – with a shady lounge that's fully open on three sides and four steps lower than the bathing platform so that your eye level when reclining on the sofas is almost literally on the waterline, with a 279-degree view of the sea.

The motor yacht AQUARIUS has a great selection of watertoys and tenders to cater to all of your needs. A 7.2m (23ft) Axopar 22 Spyder chase boat is on hand to ferry you to a nearby underwater cove, go on a waterskiiing excursion, or simple enjoy a day out on the water. Alongside the smaller Extender tender on board, there's SUPs, an eFoil, and snorkelling equipment so you can explore the places you visit at a leisurely pace. AQUARIUS is also fitted with stabilisers to ensure you don't experience a rolling motion when she is anchored in a bay.

All of the guest cabins on board are generously sized and their en suite bathrooms have a marble finish. The master suite, which occupies the forward end of the main deck, includes a separate office and a TV/cinema setup with a projector screen and double glass doors that lead out onto its private balcony. What better way to start your day on holiday than to step outside and breathe the warm sea air?
