BLUE II

OVERVIEW.

Designed to evoke the carefree heyday of gentlemen's yachting, this modern classic is a head-turner in any anchorage, seamlessly blending timeless elegance with cutting-edge innovation. Beneath BLUE II's retro-chic lines lies state-of-the-art technology, including hybrid propulsion for reduced emissions, fuel consumption, and maximum efficiency. Her craftsmanship is a celebration of yachting's prime, reimagined for the 21st century.

BLUE II's thoughtful layout reflects this same harmony between heritage and progress. Two master suites offer an extraordinary choice: one on the upper deck with panoramic views forward, and another on the main deck, combining privacy with ease of access. Expansive outdoor spaces, including an inviting sun lounge and a chic foredeck seating area, invite you to unwind in style, while the upper deck aft provides the perfect setting for al fresco dining beneath the stars.

Inside, BLUE II's main saloon exudes warmth with classic design touches, yet conceals modern comforts and technology, including a cinema lounge and a private office on the bridge deck. A dedicated wellness area with a sauna, hammam, massage table, and a gym ensures relaxation is always within reach.

Every detail has been considered to deliver an effortless yachting experience – where the beauty of tradition meets the demands of modern life. BLUE II doesn't just turn heads; she defines a class of her own.
