OVERVIEW.

EBYSHINE is a striking 30m (98.4ft) motor yacht delivered in 2023 by the Turkish shipyard Blaundus. As hull #02 of the B30 Series, she features exterior styling and naval architecture by Unique Yacht Design, with interiors custom-crafted by Blaundus Yachts. With an impressive gross tonnage of 219 GT, she offers exceptional volume for her size, setting a new benchmark in the 30-metre class.

Designed for seamless indoor-outdoor living, EBYSHINE boasts expansive deck spaces ideal for relaxation and socialising. Al fresco dining is available across three decks, and the main deck master suite includes a private fold-down balcony. A folding beach club transforms into a generous 22m² waterfront terrace, perfect for lounging by the sea.

Her beautifully styled interior is light-filled and contemporary, offering a large salon, an elegant indoor dining area, and a fully equipped bar. Accommodation is designed for up to 10 guests in five luxurious cabins, including two master suites—one full-beam on the main deck forward and the other on the upper deck—as well as a full-beam VIP cabin and two twin cabins on the lower deck.

Powered by twin MAN 1,300HP engines, EBYSHINE reaches a top speed of 13.5 knots and cruises comfortably at 10 knots, with an outstanding range of 4,050 nautical miles. She is equipped with CMC zero-speed stabilisers for enhanced comfort underway and at anchor, and is RINA classified for short-range charter.

Expansive windows throughout provide panoramic views and fill the interior with natural light, making EBYSHINE a standout choice for long-range cruising in complete comfort and style.

Key features

Steel hull with aluminium superstructure

Exceptional volume of 219 GT for a 30m motor yacht

Accommodation for 10 guests in five cabins, including two master suites (upper deck and full-beam on main deck forward), full-beam VIP, and two twins on the lower deck
