CLOUDBREAK

OVERVIEW.

CLOUDBREAK is a standout yacht built for thrilling adventure and exploration in the most remote places around the globe. Named after a mythical wave in Fiji, CLOUDBREAK is the epitome of freedom and luxury. At 75.3m (246.9ft), she is an impressive achievement of cutting edge technology, impeccable design, and go-anywhere performance.

This is a yacht with stratospheric specification. Her main lounge and guest areas offer plenty of natural light and showcase a contemporary yet warm style to create a cosy home on the water. A unique feature is the chalet like fireplace for chilly evenings socialising with family and friends. The master suite on the main deck offers a stunning drop-down balcony to port and a sea terrace with daybed to starboard. The remaining guest cabins are located on the lower deck and are linked directly to the vast aft beach club by a uniquely designed corridor. A glass-enclosed elevator also allows easy access between all guest decks.

The airy sky lounge on the upper deck was designed as a winter garden and is the ideal place to watch the wild scenery go by in utmost comfort. With low seating and lounging combined with high surrounding windows, guests will have their breath taken away by the panoramic views. This area can be closed and heated or opened completely depending on your destination.

The sun deck offers a large pool with sun loungers, another inviting lounge with smart leather sofas to enjoy evening cocktails and a large cinema screen for movie nights. The helipad aft can be converted into a dance floor with complete sound and light system, while the top observation deck is a more intimate area for a quiet nightcap with a view.

Fantastic on board amenities keep guests active and pampered. From the massage room to the stunning wellness centre on the lower deck with a gym with folding balcony to a beautifully designed sauna with plunge pool, guests can enjoy complete relaxation. The garage is packed with watertoys for sporty guests as well as two exhilarating tenders to explore the local highlights.

CLOUDBREAK is a unique yacht and the ideal platform for an adventure charter that will guarantee unforgettable memories. Having cruised the most remote places on earth such as Antarctica, South East Asia and Papua New Guinea, she is a proven explorer yacht for the discerning traveller.
