OVERVIEW.

GIOIA is a 43m (141ft) motor yacht built by the renowned Italian shipyard Codecasa in 2024. She features a distinctive colour scheme with a gunmetal grey superstructure and a white hull, complemented by a sleek, modern interior design that sets her apart at sea.

Sleek and modern, yet warm and inviting, GIOIA's interior design carries an unmistakable Italian flair. A refined mix of custom woodwork and stone accents creates an atmosphere that is both welcoming and elegant, while naturally drawing attention to the surrounding seascapes.

Accommodating up to 12 guests in five spacious cabins, GIOIA offers generous areas for relaxation and entertainment. The full-beam master suite is located on the main deck and includes a private lounge, his and hers walk-in wardrobes, and a his and hers bathroom. Four additional guest cabins are situated on the lower deck, including two double cabins and two twin cabins with pullman bunks – all appointed with en suite bathrooms.

GIOIA's exterior decks offer multiple lounging and entertainment options for life at sea. The expansive sun deck features a raised jacuzzi, generous sunpads, a full wet bar, and an aft seating area. The bridge deck aft hosts a spacious al fresco dining area, while further lounging spaces can be found on the main deck aft and foredeck, providing a variety of settings throughout the day.

As one of Codecasa's most recent deliveries, GIOIA showcases the shipyard's latest advancements in technology, design, and build quality. Constructed to Lloyd's classification and LY3 compliance, she benefits from in-house naval architecture, a steel hull, and an aluminium superstructure, ensuring exceptional stability – further enhanced by zero-speed stabilisers.

Twin Caterpillar C32 engines deliver a maximum speed of 16 knots and a cruising speed of 12 knots, with a transatlantic range of 5,000 nm.

Key features

Delivered in 2024 with minimal owner use

Distinctive exterior design featuring a unique gunmetal-grey paint scheme

Built to Lloyd's classification and LY3 compliance

Accommodation for up to 12 guests in five cabins

Generous interior volume of 499 GT
