DOMANI

APERÇU.

Delivered in 2004 by the highly regarded Italian shipyard Benetti, DOMANI measures 44.2m (145ft) in length with a 9.4m (30.9ft) beam, and 2.6m (8.6ft) draft. At 390GT her sumptuous decks comfortably accommodate up to 12 guests in five well appointed cabins, and includes a variety of versatile lounges for guests to enjoy on board. With a meticulous maintenance regime throughout her current ownership including a thorough refresh of her interior in 2015 followed by another refit completed in 2019, DOMANI presents immaculately.

Upon stepping foot inside the main saloon guests are greeted by a warm yet refined interior, which was originally designed by Zuretti and later refreshed by Carol Williamson. The sun filled lounge includes a luxurious bar and seating area for social gatherings and is adjoined by a restful library. The sky lounge on the bridge deck carries the same elegance found within the main deck lounge but lends a cozy informal atmosphere equipped with a games table, bar and seating area for guests to unwind. A formal dining space with 180 degree sliding glass doors is located aft on the bridge deck, providing open air dining or protection and comfort in any climate with views of the surrounding landscape.

The master suite, forward on the main deck, is a full beam split level sanctuary complete with a separate seating area, 180 degree views, his and hers en suite bathrooms, and a private sun lounge on the foredeck. Four additional cabins are located on the lower deck including two double cabins aft, and two twin cabins forward. Each twin cabin has an additional pullman and all guest cabins include en suite shower rooms.

DOMANI's deck spaces are all encompassing when it comes to entertainment on the water. Her sun deck is strategically laid out to include an observation lounge and bar forward, a dining area midships, an intimate lounge to port and a jacuzzi surrounded by sun lounging aft. Just below, on the bridge deck, is a seating area for apertifs or morning coffee, and a third option for al fresco dining can be found on the main deck aft. A sizable swim platform allows easy access to the water and features an outdoor shower.

Her zero speed stabilisers ensure complete comfort while at anchor or underway, and her twin 1,300hp Caterpillar engines allow max speeds up to 15 knots. With a 4,000nm range, she's fully equipped to reach some of the world's most sought after destinations in total comfort and style.

Principales caractéristiques
