OVERVIEW.

Built for fastidious owners with a keen eye for detail, the highly customised EMELINA is a stand-out yacht of exceptional quality, radiating classic Italian design at its most stylish. Her open plan living environment, high deck heads and generous volume of 639 gross tons combine to provide remarkable spaciousness for a yacht of this size.

Stunning Italian craftsmanship throughout her elegant interior features rich mahogany and cherry wood millwork, beautiful onyx in shades of honey and green, complemented by innumerable bespoke decorative touches. The vast main saloon and large sky lounge offer excellent scope for relaxing and entertaining whatever the occasion. Unusually, the main dining room is positioned aft of the sky lounge on the bridge deck and fully retractable curved glass panels afford a versatile indoor-outdoor dining experience.

En suite guest accommodation comprises a VIP cabin, two doubles and two twins with a pullman each. The full beam master suite incorporates a study, fold-out sea balcony and a lavish his and hers bathroom appointed in honey onyx. The expansive sun deck caters superbly for outdoor living with a full size semi-circular bar, jacuzzi, sun loungers and fitness equipment. An elevator serves all four decks. MCA compliant and having completed her Lloyd's class 10 year survey in 2018, EMELINA represents a special purchase opportunity.
