# OVERVIEW.

**Built in GRP to Lloyd's classification and delivered in 2016 by Crescent Custom Yachts in Canada, the 43.9m (144ft) MUCHOS MAS has a striking gun-metal grey hull and white superstructure with interiors designed by Seattle based designer Jonathan Quinn Barnett and engineering by Jack Sarin. Featuring an elegant blend of rich walnut burl panels, grey tweed wall coverings and rift-sawn white oak flooring throughout, her 491GT internal volume offers her guests a contemporary and welcoming environment, one that has made her a much sought after charter yacht.**

MUCHOS MAS features exceptional outdoor areas for relaxing and entertaining. The seated bar in the main saloon opens up to the aft deck for indoor-outdoor living. As you move from the main deck aft to the bridge deck and the bridge deck forward, you will find an abundance of al fresco dining and relaxation options. Arguably the most standout feature on board MUCHOS MAS is the sensational sun deck, which has a full bar, BBQ, day head, large sunpad forward, two misting systems for hot days, and a unique corner waterfall jacuzzi forward with 54 jets and a swim-up bar.

Inside guests are greeted by a restful main deck lounge, with large picture windows lining the space, a sit-up bar and formal dining area. Forward lies a tranquil full beam owner's cabin which is simply stunning with smart glass privacy windows, a separate office, lounge area, and walk-in wardrobe. The en-suite master bathroom features a state of the art therapeutic two-person Vichy shower with six heads and four adjustable modes, with natural light from a skylight in the foredeck jacuzzi. Three double guest cabins on the lower deck and one convertible twin cabin featuring an extra pullman berth complete versatile accommodation for 11 in five cabins. Her lower deck aft double guest cabins can seamlessly convert into a large, full beam VIP suite with a private sitting room.

With twin 2,735hp MTU engines and shallow 2.3m (7.7ft) draft MUCHOS MAS can travel to some of the most secluded and hard-to-reach destinations while offering guests the epitome of sophistication, subtle elegance, and supreme comfort. She has a top speed of 18 knots, a cruising speed of 13 knots and a maximum range of 2,300nm. Zero speed stabilisers ensure comfort on arrival. After completion of a full repaint and 5-year survey in 2022, MUCHOS MAS presents in immaculate condition and is a turn-key purchase opportunity, giving a new owner significant cruising time before any next yard period is due.

## Key features
