HEMISPHERE

OVERVIEW.

For those looking for something different to the standard charter, something more exciting and adventurous, something unforgettably special that celebrates the ocean and its inhabitants without sacrificing seven-star comfort and service, congratulations. You have just found your next charter.

HEMISPHERE is designed to deliver incredible experiences. She has a PADI-certified, Nitrox-capable dive centre for up to 12 guests and Captain Gavin is a qualified dive instructor with encyclopaedic knowledge and infectious passion for marine life in this divers' paradise. There is a 16.4m (53.8ft) sports fishing tender, for exploring ashore and reaching special dive sites as well as tournament-standard fishing capabilities.

With a 16.6m (54.5ft) beam, her deck spaces are vast. From her flybridge jacuzzi and al fresco dining areas to her shaded spaces on the main deck aft and the sunbathing trampoline forward where you can watch dolphins play underway, she covers every base for relaxation and entertainment. The two VIP cabins on the main deck each have access to a terrace lounge forward and her award-winning interiors are refined yet instantly welcoming.

HEMISPHERE and her crew live to the maxim 'Sometimes you have to step off the beaten path, for the bigger rewards in life' and relentlessly glowing feedback from delighted guests means they deliver those rewards every time.

'Wow! Once again Captain Gavin you have exceeded our expectations! Our trip was full of surprises and adventure. Truly the best holiday a family could dream of sharing. Thank you for welcoming us back and we look forward to returning next year.'

'You are all amazing. We had such a fabulous week on board, everything about the charter was wonderful. The hospitality of the entire crew was unforgettable, I can't wait to be part of this experience again!'

'I have been on many boats in my 57 years and this holiday has surpassed all of them. The crew are the best we have been with. Sharks, whales, dolphins, sunsets, cocktails, laughter, loads of love -thank you Gavin and crew.'
