

OCTOPUS

OCTOPUS

APERÇU.

A renowned world-class cruiser and one of the most well-travelled yachts in the global fleet, the 126m (414ft) OCTOPUS is the pinnacle explorer yacht for those seeking a proven platform to view some of the globe's most remote and inaccessible locations.

Offering a genuine first-class experience while cruising or at anchor, OCTOPUS has plenty of space for enjoyment and activity on board. With a full owner's deck including a private bar, jacuzzi, and al fresco dining area, this deck provides the owner with a sanctuary of privacy and security.

On the bridge deck below, guests have plenty of room for outdoor entertainment as a pool is located aft along with al fresco dining, a bar and pizza oven. Just beneath the bridge deck is a deck dedicated to entertainment where guests can enjoy a range of facilities including a spa, library and bar, cinema, gym, multiple lounges including a forward-facing observation area and a basketball court on the deck below.

In addition to seven tenders, two life rafts, and an ROV, OCTOPUS is capable of housing an SUV and two helicopters in the garage, and her stern-access dock is home to a Pagoo, a submarine accommodating eight guests and two crew that can dive for up to eight hours. A dive centre and hyperbaric chamber are also on board, along with a beach club with bar.

Principales caractéristiques
